

ANOTHER VESSEL
FIVE MILES AWAYFourth Officer of Titanic Says
Signals Were Ignored.

IDENTITY OF SHIP UNKNOWN

J. B. Boxhall Tells Senate Committee of Plainly Seeing Lights of Unknown Craft and Describes His Unsuccessful Attempts With Rockets and Electric Signals to Attract the Stranger's Attention.

Washington, April 23.—With success only five miles away the Titanic slid into its watery grave, carrying with it more than 1,600 of its passengers and crew, while an unidentified steamer that might have saved all failed or refused to see the frantic signals flashed to it for aid.

This phase of the tragic disaster was brought out before the senate investigating committee when J. B. Boxhall, fourth officer of the Titanic, told of his unsuccessful attempts to attract the stranger's attention.

This ship, according to Boxhall, could not have been more than five miles away and was steaming toward the Titanic. So close was it that from the bridge Boxhall plainly saw its masthead lights and side light. Both with rockets and with the Morse electric signal did the young officer hail the stranger. Captain Smith and several others in the vicinity of the bridge declared at the time their belief that the vessel had seen them and was signalling in reply.

Boxhall failed to see the replies, however, and in any case the steamer kept on its course obliquely past the Titanic without extending aid.

This, and the declaration by P. A. S. Franklin, vice president of the White Star line, that there were not sufficient lifeboats aboard the Titanic to care for the ship's company at one time were the features of the hearings.

The official was quizzed throughout the morning session on the messages exchanged between the Carpathia and himself after the ship had started for New York with the Titanic's survivors aboard. Among the survivors was J. Bruce Ismay, managing director of the line.

Among the wireless telegrams read into the record was one from Mr. Ismay urging that the steamship Carpathia be held until the Carpathia arrived with its sorry burden. He declared he believed it most desirable that the survivors of the Titanic's crew be rushed out of the country as quickly as possible. He also, the message said, would sail on the Carpathia and asked that clothing be ready at the pier for him when the Carpathia docked. The senate's subpoena blocked the plan.

MINISTERS ARE SEA HEROES

Two Went Down on Titanic While
Comforting Passengers.

New York, April 23.—Winnowed from among many pathetic stories of the Titanic catastrophe was a tale of two clergymen who went down with the Titanic while ministering to the stricken passengers.

One was Rev. Thomas R. D. Byles of Westminster parish, London, who was on his way to officiate at the marriage of his brother in Brooklyn, and the other, a German priest whose name has not been learned. Father Byles was in the first cabin and the German priest in the steerage.

STILL PICKING UP BODIES

Steamer Cruising in Vicinity of the
Titanic Disaster.

St. Johns, N. F., April 23.—More bodies were picked up by the cable steamer Mackay-Bennett, which is cruising near the spot where the Titanic foundered last Monday morning, according to word that reached here. How many bodies have been recovered in addition to the fifty that already had been taken aboard has not been reported, nor is any information obtainable here as to any identifications. The steamer will proceed to New York with the bodies as soon as her work has been completed.

ROADS TO CARRY EXPRESS

Bill Requiring Lines to Do That Class
of Business.

Washington, April 22.—Representative Martin of South Dakota introduced a bill to require railroad companies to receive and transport all express parcels and to transact all express business under the regulation of the interstate commerce commission. The measure will be debated in connection with the various amendments now pending as riders to the postoffice appropriation bill and is offered, it is understood, in lieu of the bill to have the government take over the express companies.

The bill provides that there shall be an express car on each passenger train and that in special cases the interstate commerce commission may give permission to have special express trains to be run at the speed of passenger trains. The bill is to go into effect July 1.

ENGLAND WILL
START INQUIRYBoard of Trade Will Investigate
Titanic Wreck.

LORD MERSEY IS CHAIRMAN

Replying to Questions in the House of Commons Minister Buxton Outlines the Course to Be Pursued—Proceedings of the Inquiry Will Be Public and Will Begin on Arrival of the Survivors.

London, April 23.—The session of the house of commons was devoted to a debate of the Titanic catastrophe and incidental to this the board of trade's antiquated regulations were brought into discussion.

A regular fusillade of questions was fired at Sydney Buxton, president of the board of trade, prior to the introduction of the motion made by Will Crooks, Labor member.

Mr. Buxton, in reply, announced he already had summoned a meeting of the leading British ship owners for an immediate exchange of views. He also had taken steps to confer with the lord chancellor in regard to the appointment of a high legal authority as wreck commissioner to preside over the Titanic inquiry.

All questions as to route, speed, lifeboats, searchlights, etc., he said, would be submitted to a searching investigation by the strongest possible court of inquiry and if the board of trade's present powers were inadequate to enforce the necessary regulations he would not hesitate to ask parliament to confer further powers.

Mr. Buxton said he was preparing for an immediate conference of the ship owners regarding measures which the companies themselves contemplated taking, pending a revision of the statutory rules. He also was carefully considering the advisability of approaching other governments with a view to calling an international convention to suggest legislation for the safety of passengers.

In referring to the prompt action taken by the American senate Mr. Crooks said:

WILL TRY TO WIN SOUTH

Roosevelt Says He Is Entitled to
Democratic Support.

Greensboro, N. C., April 23.—If Colonel Roosevelt gains the nomination for president he will come to the South, he said, in an effort to win it over. He made a claim to the support of Democrats as well as Republicans.

"I have the right to the support of every heir to the Jacksonian Democracy," he said in his speech here. "I am fighting for the principles in which the great bulk of the people of the South believe and they are kept away from me only in name. I am going to see to it that they are not kept away by mere name. I shall fight so that they will vote the way they feel—and when I fight I fight."

Commends American Senate.

"They did not wait to find out whether the law gave them power to subpoena and question people who could throw light on the matter. They at once sent a commission out to intercept even the owners of the vessel, together with any others they wanted as witnesses. We have heard that they had no authority under the law to do so, but they did it, and England has applauded them for doing it."

Replying, Mr. Buxton said that it had been decided to appoint a wreck commission to make a fuller inquiry into the Titanic disaster, of which Lord Mersey, former president of the admiralty division of the high court, had consented to act as chairman. He was assisted by two assessors, whose names will be announced later. Since the question had been raised he had consulted Lord Mersey and ascertained that such a court would have full power to procure the attendance of necessary witnesses. It would be immediately constituted, he said, and in readiness to begin taking evidence of survivors who will arrive on the Lapland.

The proceedings of the inquiry, continued Mr. Buxton, will be public. Arrangements have also been made through the British consul general at New York to take the affidavits of officers and other members of the crew who might be detained in the United States, as well as the evidence of passengers who could supply useful information. Mr. Crooks expressed satisfaction at these assurances and withdrew his motion.

Oldest Man in United States Dead.

John Morg, a veteran of the war of 1812 and probably the oldest man in the United States, died recently in Kentucky. Morg came to this country from Germany in 1812, 100 years ago, and enlisted. He drew a pension for his services, and the papers gave his age as twenty-four years at the time of his enlistment.

PHILIP P. CAMPBELL.

Made Spirited Attack
on Colonel Roosevelt.

CAMPBELL FLAYS ROOSEVELT

Kansas Makes Spirited Attack on
Former President.

Washington, April 23.—In the house Representative Philip P. Campbell of Kansas, Republican, made a spirited personal attack on Colonel Roosevelt. He declared the colonel had been going about the country for three weeks flaying him (Campbell) before the American public, because he had likened Colonel Roosevelt's recall of judicial decisions to an "appeal to the bleachers from the decision of the umpire."

"Colonel Roosevelt has been holding himself up to the people as the paragon of political virtue," said Mr. Campbell. "He has assailed every man who ventured to disagree with him on any question. He brands every man as an infamous scoundrel whom he cannot lash into agreeing with him."

SHOWS FEELING AT
AMERICAN SENATEBritish Press Criticises Titanic
Disaster Inquiry.

London, April 23.—The British press, which severely criticises its own board of trade and demands the most searching inquiry, declines to judge the case until the British inquiry is held and displays feeling at the manner in which the American inquiry is being conducted and at what is regarded as the unfair treatment of J. Bruce Ismay.

The Morning Post, in an editorial, protests against American and German papers branding Ismay as a coward and declares that it was clearly his duty to live and help his company to retrieve the disaster by facing the music.

The Daily Express describes the senatorial inquiry as a parody of a judicial inquiry, which it says is rather calculated to swing public sympathy heavily to the side of Mr. Ismay and the White Star company. The Express contends that Mr. Ismay did nothing disgraceful, yet is attacked as though he played the part of a shameful coward.

The Daily News says: "We have no intention of prejudging the case or imitating the hasty and often savage verdicts pronounced in the United States."

All the papers express satisfaction that Lord Mersey has been appointed to preside over the inquiry as insuring a thorough investigation. Lord Mersey has had a wide experience in marine affairs as the former president of the admiralty court.

GIVES RIGHT TO INTERVENE

Senate Passes Bill Relating to Tobacco
Trust Plan.

Washington, April 23.—The judgment of Senators Nelson, Borah, Cummins and Brown, Republicans, and Culberson, Democrat, was sustained when the senate passed the Cummins bill which gives to the American Leaf Tobacco Board of Trade and other independent tobacco concerns and to the attorneys general of the several states to intervene in the lower court and to take an appeal to the United States supreme court from the decree that approved the reorganization plan of the American Tobacco company.

TO CLOSE THE DARDANELLES

Turkish Authorities Issue Orders to
Land Fortresses.

Constantinople, April 23.—Orders were issued to the land fortresses at the entrance to the Dardanelles to close the entrance to the Italian fleet, which was reported to have mobilized in the Gulf of Saros.

The Turkish council was much disturbed by the return of the fleet, which was believed to have given up all hope of penetrating to the Sea of Marmora.

Robert Taft an Editor.

Robert Alphonso Taft, son of President Taft, has been elected as editor in chief of the Harvard Law Review for the year 1912-13.

CANDIDACY OF
COL. ROOSEVELTTwo Political Elements Don't
Want Him For President.

TAFT MEN AND DEMOCRATS.

Latter Fear Colonel Would Be Elected and Wipe Out Their Control of the House—Demand For a Department of Health in Charge of a Cabinet Officer Is Pressed by Owen.

By ARTHUR W. DUNN.

Washington, April 23.—[Special.]—There are two political elements that do not want Theodore Roosevelt nominated for president. One is the Taft stand pat element of the Republican party, and the other is a large proportion of the Democratic party. The objections of the Taft crowd need not be explained. The objections of the Democrats is that they do not know what would happen next November if Roosevelt were the Republican nominee, but they fear the worst, from their point of view, which would be Roosevelt's election.

"It would wreck the Republican party and give us the greatest defeat we have experienced," remarked a regular of the house of representatives.

"We would be lucky if we were able to elect 100 members of the house should Roosevelt be the Republican nominee," was the expression of a Democratic congressman. "He would sweep the country if this hysteria should continue."

The Uncertain Man.

And there you have two views of this uncertain man in politics. But they can't say he does not know what he is doing. Rudyard Kipling accounted for the great success of Disko Troop, a cod fisherman, by saying that Disko always reasoned as a cod and followed them and got them. There is no man of our day who knows so well what the people are thinking about as Roosevelt. He knows better than any other man how to catch the popular tide. It has been a great element in his success.

The results in a number of states prove that he had a pretty good idea of the trend of opinion throughout the country when he announced he would be a candidate.

Independent Health Bureau.

Senator Owen of Oklahoma has fought during his entire time in congress for a department of health with a cabinet officer at its head. He has finally centered his efforts upon an independent bureau of health without making the head of it a member of the cabinet. This bureau is to have quite extensive powers, and its two most important divisions will be the marine hospital service and the bureau of chemistry of the agricultural department.

There is quite a demand for such a bureau, but there is also much opposition. The homeopath physicians do not take kindly to it, while the osteopaths and Christian Science workers and kindred healers are very hostile to enlarging any bureau having control of health matters.

May Vote Him.

Congressman Fitzgerald is one of the New York delegates to the Baltimore convention. He does not say for whom he will vote, but expresses friendliness for all the candidates.

"They may vote you for some one you do not want," was a suggestion made to him.

"That is quite possible," said Fitz. "They did that once before when they voted me for Bryan."

New York being under the unit rule, the majority controls. Somehow the impression prevails in Washington that Charles F. Murphy is that majority.

Madden Sarcastic.

Congressman Madden of Illinois was accorded time under "general debate" to discuss the postoffice appropriation bill. "This is a very exhilarating situation in which I find myself," he began. "I do not wonder, for here is a bill affecting every house in the United States and every person who lives in a house, and it is because of this, I assume, that all members are in their seats and listening to what is being said on the pending question."

There were probably half a dozen men in the house at the time, perhaps ten, but not more than that number. And yet Madden made a thoughtful and interesting speech on the great question of the hour, the parcels post.

Carter Was Interested.

An Indian question affecting the Five Civilized Tribes was under discussion in the house. "This is something I understand," remarked Congressman Carter of Oklahoma. "This is something in which I am interested. I am one of the Five Civilized Tribes, and myself and members of my family would each receive about \$1,200 or \$1,500 out of this estate."

Constitutional Harping.

Although we have a supreme court to decide constitutional questions and although there is a desire to push business along in the senate, that body will take several days off any time to debate and split hairs over constitutional points, and no two of the great lawyers of that body have ever been able to agree absolutely upon a controverted constitutional point.

Wisdom.

Wisdom is cherished by the few, neglected by the many and hired by the powerful.—Life.

JUDGE ARCHBALD.

Charges Filed Against
Commerce Court Jurist.CHARGES AGAINST
JUDGE ARCHBALDPresident May Not Lay Allegations
Before House.

Washington, April 23.—Allegations relating to Federal Circuit Judge Robert W. Archbald of Pennsylvania, a member of the United States commerce court, have been filed with the president and department of justice.

These allegations were presented early in February. The department of justice sent a special investigator to Scranton, Pa., and his report was made several weeks ago. The allegations in brief are:

That Judge Archbald had a conference in New York with George F. Brownell, vice president and general counsel for the Erie Railroad company.

That following the conference one Williams, an associate in interest with Judge Archbald, entered into negotiations with a subsidiary coal company of the Erie for the purchase of culm banks.

These banks are piles of soft coal cast aside as useless some years ago, but subsequently found to be valuable. The price fixed for the banks is said to have been \$3,500.

Following these negotiations it is alleged that the purchasers arranged to sell the banks to an electric railroad of Pennsylvania, the price fixed being \$50,000. It is not understood that the transfer has been effected.

Judge Archbald is sitting on the commerce court, the duties of which are to pass upon all questions affecting railroads, including the Erie.

The only way Mr. Taft can do anything, of course, is by sending a special message to the house, upon which action looking to impeachment would be based. The president has sent no such message and from all that can be learned has no present purpose to do so.

TO BAR FALSE ADVERTISING

Representative Steenerson Introduces
Drastic Bill in House.

Washington, April 23.—A bill drastic in terms aimed at advertisements that mislead prospective investors was introduced by Representative Steenerson of Minnesota.

The bill is entitled "A bill prohibiting false and misleading advertisements." It provides that whoever shall offer for sale any merchandise, or stocks, or bonds, by means of false or misleading advertisements sent through the mail in any printed form, shall be fined not more than \$1,000 for each offense or be imprisoned not more than two years, or both, in the discretion of the trial court.

Mr. Steenerson is of the opinion that many innocent persons are defrauded by means of advertisements by schemers who impose on newspapers and who wilfully utilize advertising as a means to defraud.

Flies Over Channel in Fog.

Wexford, Ireland, April 23.—Making the first aeroplane flight across the Irish channel in a rain storm and a heavy fog Corbett Wilson landed at Enniscorthy, just north of here. Except for smashing his propeller in making his descent Wilson made the trip without mishap.

SENATOR'S THROAT BETTER

La Follette Will Begin California Campaign
April 25.

San Francisco, April 23.—Having been advised by a throat specialist that his voice would be in working order again within three days United States Senator Robert M. La Follette announced he would begin his California campaign for the presidential nomination in Fresno on Thursday night. The remainder of his itinerary has not been arranged definitely. He will be in San Francisco again by the last of April.

Near Newborn.

Newborn, Ga., April 23.—Six persons were killed and a score of others injured by a tornado which swept this section of the state. Demolished houses and dead stock were left in the wake of the storm, which tore a track three-quarters of a mile wide through Jasper, Newton and Morgan counties.

SEVEN DEAD AT KANKAKEE

Reports Show Damage of \$500,000
Was Done by Tornado.

Kankakee, Ill., April 23.—Damage amounting to \$500,000 resulted from Sunday evening's storm in this section of Illinois. Reports from Grant Park show that forty-four residences and buildings were demolished there.

SEVENTY-TWO DEAD
IN RECENT TORNADOCasualty List in Illinois and
Indiana Growing.

Chicago, April 23.—The storm which swept over Indiana and Illinois Sunday evening left seventy-two dead, nearly 200 injured and nearly 100 destitute families in its wake, figures show. More than 100 homes were demolished and the property loss totaled several hundred thousand dollars. Greatest damage was done at Bush, Willsville, Murphysboro, Campus, Freeman and Kankakee, Ill., and Morocco, Ind.

Governor Deneen and Adjutant General Jackson arranged to extend state relief to the stricken districts in Illinois.

Bush, a village of 600 in the northwestern corner of Williamson county, suffered heaviest. The two storms which wrought havoc in Central and Southern Illinois Sunday evening met at Bush at 6 o'clock, one coming from the northwest and the other from the southeast.

Signals Were Ignored.

IDENTITY OF SHIP UNKNOWN

J. B. Boxhall Tells Senate Committee of Plainly Seeing Lights of Unknown Craft and Describes His Unsuccessful Attempts With Rockets and Electric Signals to Attract the Stranger's Attention.

Washington, April 23.—With succor only five miles away the Titanic slid into its watery grave, carrying with it more than 1,600 of its passengers and crew, while an unidentified steamer that might have saved all failed or refused to see the frantic signals flashed to it for aid.

This phase of the tragic disaster was brought out before the senate investigating committee when J. B. Boxhall, fourth officer of the Titanic, told of his unsuccessful attempts to attract the stranger's attention.

This ship, according to Boxhall, could not have been more than five miles away and was steaming toward the Titanic. So close was it that from the bridge Boxhall plainly saw its masthead lights and side light.

Both with rockets and with the Morse electric signal did the young officer hail the stranger. Captain Smith and several others in the vicinity of the bridge declared at the time their belief that the vessel had seen them and was signalling in reply.

Boxhall failed to see the replies, however, and in any case the steamer kept on its course obliquely past the Titanic without extending aid.

This, and the declaration by P. A. S. Franklin, vice president of the White Star line, that there were not sufficient lifeboats aboard the Titanic to care for the ship's company at one time were the features of the hearings.

The official was quizzed throughout the morning session on the messages exchanged between the Carpathia and himself after the ship had started for New York with the Titanic's survivors aboard. Among the survivors was J. Bruce Ismay, managing director of the line.

Among the wireless telegrams read into the record was one from Mr. Ismay urging that the steamship Cedric be held until the Carpathia arrived with its sorry burden. He declared he believed it most desirable that the survivors of the Titanic's crew be rushed out of the country as quickly as possible. He also, the message said, would sail on the Cedric and asked that clothing be ready at the pier for him when the Carpathia docked. The senate's subpoena blocked the plan.

MINISTERS ARE SEA HEROES

Two Went Down on Titanic While Comforting Passengers.

New York, April 23.—Winnowed from among many pathetic stories of the Titanic catastrophe was a tale of two clergymen who went down with the Titanic while ministering to the stricken passengers.

One was Rev. Thomas R. D. Byles of Westminster parish, London, who was on his way to officiate at the marriage of his brother in Brooklyn, and the other, a German priest whose name has not been learned. Father Byles was in the first cabin and the German priest in the steerage.

STILL PICKING UP BODIES

Steamer Cruising in Vicinity of the Titanic Disaster.

St. Johns, N. F., April 23.—More bodies were picked up by the cable steamer Mackay-Bennett, which is cruising near the spot where the Titanic foundered last Monday morning, according to word that reached here. How many bodies have been recovered in addition to the fifty that already had been taken aboard has not been reported, nor is any information obtainable here as to any identifications. The steamer will proceed to New York with the bodies as soon as her work has been completed.

ROADS TO CARRY EXPRESS

Bill Requiring Lines to Do That Class of Business.

Washington, April 22.—Representative Martin of South Dakota introduced a bill to require railroad companies to receive and transport all express parcels and to transact all express business under the regulation of the interstate commerce commission. The measure will be debated in connection with the various amendments now pending as riders to the postoffice appropriation bill and is offered, it is understood, in lieu of the bill to have the government take over the express companies.

The bill provides that there shall be an express car on each passenger train and that in special cases the interstate commerce commission may give permission to have special express trains to be run at the speed of passenger trains. The bill is to go into effect July 1.

ENGLAND WILL
START INQUIRYBoard of Trade Will Investigate
Titanic Wreck.

LORD MERSEY IS CHAIRMAN

Replying to Questions in the House of Commons Minister Buxton Outlines the Course to Be Pursued—Proceedings of the Inquiry Will Be Public and Will Begin on Arrival of the Survivors.

London, April 23.—The session of the house of commons was devoted to a debate of the Titanic catastrophe and incidental to this the board of trade's antiquated regulations were brought into discussion.

A regular fusillade of questions was fired at Sydney Buxton, president of the board of trade, prior to the introduction of the motion made by Will Crooks, Labor member.

Mr. Buxton, in reply, announced he already had summoned a meeting of the leading British ship owners for an immediate exchange of views. He also had taken steps to confer with the lord chancellor in regard to the appointment of a high legal authority as wreck commissioner to preside over the Titanic inquiry.

All questions as to route, speed, lifeboats, searchlights, etc., he said, would be submitted to a searching investigation by the strongest possible court of inquiry and if the board of trade's present powers were inadequate to enforce the necessary regulations he would not hesitate to ask parliament to confer further powers.

Mr. Buxton said he was preparing for an immediate conference of the ship owners regarding measures which the companies themselves contemplated taking, pending a revision of the statutory rules. He also was carefully considering the advisability of approaching other governments with a view to calling an international convention to suggest legislation for the safety of passengers.

In referring to the prompt action taken by the American senate Mr. Crooks said:

WILL TRY TO WIN SOUTH

Roosevelt Says He Is Entitled to Democratic Support.

Greensboro, N. C., April 23.—If Colonel Roosevelt gains the nomination for president he will come to the South, he said, in an effort to win it over. He made a claim to the support of Democrats as well as Republicans.

"I have the right to the support of every heir to the Jacksonian Democracy," he said in his speech here. "I am fighting for the principles in which the great bulk of the people of the South believe and they are kept away by mere name. I shall fight so that they will vote the way they feel—and when I fight I fight."

Commends American Senate.

"They did not wait to find out whether the law gave them power to subpoena and question people who could throw light on the matter. They at once sent a commission out to intercept even the owners of the vessel, together with any others they wanted as witnesses. We have heard that they had no authority under the law to do so, but they did it, and England has applauded them for doing it."

Replying, Mr. Buxton said that it had been decided to appoint a wreck commission to make a fuller inquiry into the Titanic disaster, of which Lord Mersey, former president of the admiralty division of the high court, had consented to act as chairman. He was assisted by two assessors, whose names will be announced later.

Since the question had been raised he had consulted Lord Mersey and ascertained that such a court would have full power to procure the attendance of necessary witnesses. It would be immediately constituted, he said, and in readiness to begin taking evidence of survivors who will arrive on the Lapland.

The proceedings of the inquiry, continued Mr. Buxton, will be public. Arrangements have also been made through the British consul general at New York to take the affidavits of officers and other members of the crew who might be detained in the United States, as well as the evidence of passengers who could supply useful information.

Mr. Crooks expressed satisfaction at these assurances and withdrew his motion.

Oldest Man in United States Dead.

John Morg, a veteran of the war of 1812 and probably the oldest man in the United States, died recently in Kentucky. Morg came to this country from Germany in 1812, 100 years ago, and enlisted. He drew a pension for his services, and the papers gave his age as twenty-four years at the time of his enlistment.

PHILIP P. CAMPBELL.

Made Spirited Attack
on Colonel Roosevelt.

CAMPBELL FLAYS ROOSEVELT

Kansas Makes Spirited Attack on Former President.

Washington, April 23.—In the house Representative Philip P. Campbell of Kansas, Republican, made a spirited personal attack on Colonel Roosevelt. He declared the colonel had been roving about the country for three weeks faying him (Campbell) before the American public, because he had likened Colonel Roosevelt's recall of judicial decisions to an "appeal to the bleachers from the decision of the umpire."

"Colonel Roosevelt has been holding himself up to the people as the paragon of political virtue," said Mr. Campbell. "He has assailed every man who ventured to disagree with him on any question. He brands every man as an infamous scoundrel whom he cannot lash into agreeing with him."

SHOWS FEELING AT
AMERICAN SENATEBritish Press Criticises Titanic
Disaster Inquiry.

London, April 23.—The British press, which severely criticises its own board of trade and demands the most searching inquiry, declines to judge the case until the British inquiry is held and displays feeling at the manner in which the American inquiry is being conducted and at what is regarded as the unfair treatment of J. Bruce Ismay.

The Morning Post, in an editorial, protests against American and German papers branding Ismay as a coward and declares that it was clearly his duty to live and help his company to retrieve the disaster by facing the music.

The Daily Express describes the senatorial inquiry as a parody of a judicial inquiry, which it says is rather calculated to swing public sympathy heavily to the side of Mr. Ismay and the White Star company. The Express contends that Mr. Ismay did nothing disgraceful, yet is attacked as though he played the part of a shameful coward.

The Daily News says: "We have no intention of prejudging the case or imitating the hasty and often savage verdicts pronounced in the United States."

All the papers express satisfaction that Lord Mersey has been appointed to preside over the inquiry as insuring a thorough investigation. Lord Mersey has had a wide experience in marine affairs as the former president of the admiralty court.

GIVES RIGHT TO INTERVENE

Senate Passes Bill Relating to Tobacco Trust Plan.

Washington, April 23.—The judgment of Senators Nelson, Borah, Cummins and Brown, Republicans, and Culberson, Democrat, was sustained when the senate passed the Cummins bill which gives to the American Leaf Tobacco Board of Trade and other independent tobacco concerns and to the attorneys general of the several states to intervene in the lower court and to take an appeal to the United States supreme court from the decree that approved the reorganization plan of the American Tobacco company.

TO CLOSE THE DARDANELLES

Turkish Authorities Issue Orders to Land Fortresses.

Constantinople, April 23.—Orders were issued to the land fortresses at the entrance to the Dardanelles to close the entrance to the Italian fleet, which was reported to have mobilized in the Gulf of Saros.

The Turkish council was much disturbed by the return of the fleet, which was believed to have given up all hope of penetrating to the Sea of Marmora.

Robert Taft an Editor.

Robert Alphonso Taft, son of President Taft, has been elected as editor in chief of the Harvard Law Review for the year 1912-13.

CANDIDACY OF
COL. ROOSEVELTTwo Political Elements Don't
Want Him For President.

TAFT MEN AND DEMOCRATS.

Latter Fear Colonel Would Be Elected and Wipe Out Their Control of the House—Demand For a Department of Health in Charge of a Cabinet Officer Is Pressed by Owen.

By ARTHUR W. DUNN.

Washington, April 23.—[Special.]—There are two political elements that do not want Theodore Roosevelt nominated for president. One is the Taft stand pat element of the Republican party, and the other is a large proportion of the Democratic party. The objections of the Taft crowd need not be explained. The objections of the Democrats is that they do not know what would happen next November if Roosevelt were the Republican nominee, but they fear the worst, from their point of view, which would be Roosevelt's election.

"It would wreck the Republican party and give us the greatest defeat we have experienced," remarked a regular of the house of representatives.

"We would be lucky if we were able to elect 100 members of the house should Roosevelt be the Republican nominee," was the expression of a Democratic congressman. "He would sweep the country if this hysteria should continue."

The Uncertain Man.

And there you have two views of this uncertain man in politics. But they can't say he does not know what he is doing. Rudyard Kipling accounted for the great success of Disko Troop, a cod fisherman, by saying that Disko always reasoned as a cod and followed them and got them. There is no man of our day who knows so well what the people are thinking about as Roosevelt. He knows better than any other man how to catch the popular tide. It has been a great element in his success.

The results in a number of states prove that he had a pretty good idea of the trend of opinion throughout the country when he announced he would be a candidate.

Independent Health Bureau.

Senator Owen of Oklahoma has fought during his entire time in congress for a department of health with a cabinet officer at its head. He has finally centered his efforts upon an independent bureau of health without making the head of it a member of the cabinet. This bureau is to have quite extensive powers, and its two most important divisions will be the marine hospital service and the bureau of chemistry of the agricultural department.

There is quite a demand for such a bureau, but there is also much opposition. The homeopathic physicians do not take kindly to it, while the osteopaths and Christian Science workers and kindred healers are very hostile to enlarging any bureau having control of health matters.

May Vote Him.

Congressman Fitzgerald is one of the New York delegates to the Baltimore convention. He does not say for whom he will vote, but expresses friendliness for all the candidates.

"They may vote you for some one you do not want," was a suggestion made to him.

"That is quite possible," said Fitz. "They did that once before when they voted me for Bryan."

New York being under the unit rule, the majority controls. Somehow the impression prevails in Washington that Charles F. Murphy is that majority.

Madden Sarcastic.

Congressman Madden of Illinois was accorded time under "general debate" to discuss the postoffice appropriation bill. "This is a very exhilarating situation in which I find myself," he began. "I do not wonder, for here is a bill affecting every house in the United States and every person who lives in a house, and it is because of this, I assume, that all members are in their seats and listening to what is being said on the pending question."

There were probably half a dozen men in the house at the time, perhaps ten, but not more than that number. And yet Madden made a thoughtful and interesting speech on the great question of the hour, the parcels post.

Carter Was Interested.

An Indian question affecting the Five Civilized Tribes was under discussion in the house. "This is something I understand," remarked Congressman Carter of Oklahoma. "This is something in which I am interested. I am one of the Five Civilized Tribes, and myself and members of my family would each receive about \$1,200 or \$1,500 out of this estate."

Although we have a supreme court to decide constitutional questions and although there is a desire to push business along in the senate, that body will take several days off any time to debate and split hairs over constitutional points, and no two of the great lawyers of that body have ever been able to agree absolutely upon a controverted constitutional point.

Wisdom.

Wisdom is cherished by the few, neglected by the many and hired by the powerful.—Life.

JUDGE ARCHBALD.

Charges Filed Against
Commerce Court Jurist.CHARGES AGAINST
JUDGE ARCHBALD

President May Not Lay Allocations Before House.

Washington, April 23.—Allegations relating to Federal Circuit Judge Robert W. Archbald of Pennsylvania, a member of the United States commerce court, have been filed with the president and department of justice.

These allegations were presented early in February. The department of justice sent a special investigator to Scranton, Pa., and his report was made several weeks ago. The allegations in brief are:

That Judge Archbald had a conference in New York with George F. Brownell, vice president and general counsel for the Erie Railroad company.

That following the conference one Williams, an associate in interest with Judge Archbald, entered into negotiations with a subsidiary coal company of the Erie for the purchase of culm banks.

These banks are piles of soft coal cast aside as useless some years ago, but subsequently found to be valuable. The price fixed for the banks is said to have been \$3,500.

Following these negotiations it is alleged that the purchasers arranged to sell the banks to an electric railroad of Pennsylvania, the price fixed being \$50,000. It is not understood that the transfer has been effected.

Judge Archbald is sitting on the commerce court, the duties of which are to pass upon all questions affecting railroads, including the Erie.

The only way Mr. Taft can do anything, of course, is by sending a special message to the house, upon which action looking to impeachment could be based. The president has sent no such message and from all that can be learned has no present purpose to do so.

TO BAR FALSE ADVERTISING

Representative Steenerson Introduces
Drastic Bill in House.

Washington, April 23.—A bill drastic in terms aimed at advertisements that mislead prospective investors was introduced by Representative Steenerson of Minnesota.

The bill is entitled "A bill prohibiting false and misleading advertisements." It provides that whoever shall offer for sale any merchandise, or stocks, or bonds, by means of false or misleading advertisements sent through the mail in any printed form, shall be fined not more than \$1,000 for each offense or be imprisoned not more than two years, or both, in the discretion of the trial court.

Mr. Steenerson is of the opinion that many innocent persons are defrauded by means of advertisements by schemers who impose on newspapers and the bill is designed to punish those who wilfully utilize advertising as a means to defraud.

Flies Over Channel in Fog.

Wexford, Ireland, April 23.—Making the first aeroplane flight across the Irish channel in a rain storm and a heavy fog Corbett Wilson landed at Ennisceorthy, just north of here. Except for smashing his propeller in making his descent Wilson made the trip without mishap.

SENATOR'S THROAT BETTER

La Follette Will Begin California Campaign April 25.

San Francisco, April 23.—Having been advised by a throat specialist that his voice would be in working order again within three days United States Senator Robert M. La Follette announced he would begin his California campaign for the presidential nomination in Fresno on Thursday night. The remainder of his itinerary has not been arranged definitely. He will be in San Francisco again by the last of April.

Newborn, Ga., April 23.—Six persons were killed and a score of others injured by a tornado which swept this section of the state. Demolished houses and dead stock were left in the wake of the storm, which tore a track three-quarters of a mile wide through Jasper, Newton and Morgan counties.

SEVEN DEAD AT KANKAKEE

Reports Show Damage of \$500,000 Was Done by Tornado.

Kankakee, Ill., April 23.—Damage amounting to \$500,000 resulted from Sunday evening's storm in this section of Illinois. Reports from Grant Park show that forty-four residences and buildings were demolished there.

SEVENTY-TWO DEAD
IN RECENT TORNADOCasualty List in Illinois and
Indiana Growing.

Chicago, April 23.—The storm which swept over Indiana and Illinois Sunday evening left seventy-two dead, nearly 200 injured and nearly 100 destitute families in its wake, figures show. More than 100 homes were demolished and the property loss totaled several hundred thousand dollars. Greatest damage was done at Bush, Willsville, Murphysboro, Campus, Freeman and Kankakee, Ill., and Morocco, Ind.

Governor Deneen and Adjutant General Dickson arranged to extend state relief to the stricken districts in Illinois.

Bush, a village of 600 in the northwestern corner of Williamson county, suffered heaviest. The two storms which wrought havoc in Central and Southern Illinois Sunday evening met at Bush at 6 o'clock, one coming from the northwest and the other from the southeast.

Eastern Engineers Accept Federal Mediation Offer.

KNAPP AND NEILL STEP IN

Presiding Justice of Commerce Court and Commissioner of Labor, Knowing Situation Was Critical, Tender Good Offices and Men Accept—Railways Will Immediately Consider the Proposition.

New York, April 23.—The tender of the "friendly offices" of representatives of the federal government called at least a temporary halt to a strike of railroad engineers in all the territory east of Chicago and north of the Potomac river, in which, it is estimated, 52 per cent of the railway traffic of the entire country is handled.

It is declared by Stone that 34,000 men would be affected by a strike order. Of these 25,700 are members of the Brotherhood of Locomotive Engineers and about 6,500 are in the Brotherhood of Firemen and Engineers, who, the engineers declare, will join the strike. The rest are nonunion men, Chief Stone said, who have joined in the strike vote passed by the brotherhood.

The mediation of federal officials came immediately after the refusal of the managers of fifty railroads concerned to concede the engineers' demands for an 18 per cent increase in wages, when Warren S. Stone, chief of the Brotherhood of Locomotive Engineers, had announced that, in view of this refusal, a strike of engineers would go into effect within thirty-six hours.

Reaches Critical Stage.

Knowing the situation had reached a critical stage Martin A. Knapp, presiding justice of the United States commerce court, and Charles P. Neill, United States commissioner of labor, hurried here from Washington and as soon as the decisive break occurred they addressed a letter to both Chief Stone and J. C. Stuart, chairman of the conference committee of railroad managers, declaring that a grave situation has arisen and that the sense of duty impelled them to tender their "friendly offices to the contending parties in the hope that some means may be found to adjust the matters in dispute without the calamity of a general strike."

Although Chief Stone had a few minutes before declared that his forty-nine associates on the engineers' committee would proceed to their headquarters to prepare for a strike within thirty-six hours the committee was so impressed with the letter of Messrs. Knapp and Neill that it was decided to accept the proposal for mediation.

Stone Deeply Impressed.

He said: "No organization is so strong that it can fail to harken to an appeal from representatives of the federal government" and declared that he would place the proposition before the engineers' committee with the recommendation that it be accepted.

For this purpose he immediately called the committee together for an executive session. At this meeting the committee voted to accept the offer of mediation made by Messrs. Knapp and Neill.

Chairman Stuart of the railroad committee received an identical letter from Messrs. Knapp and Neill, but would not comment on what position the railroads would take as to the tender of mediation. He immediately ordered a meeting of the committee, however, to consider the proposal.

The engineers' demand for increased pay was made upon all the railroads concerned Jan. 22 and a committee of general managers of the railroads was appointed to confer in New York with Chief Stone and a board of fifty officers of the Brotherhood of Locomotive Engineers. At the first conference announced that the demands, if granted, would add to their payrolls \$7,533,000 a year, or an increase of 17.63 per cent.

SHOP WORKERS ORGANIZE

Five Crafts on Western Roads Form Federation of Federations.

Kansas City, April 23.—The federation of Western railroad shop workers became an actual organization. Conference representing workmen employed on forty-seven lines west of the Mississippi, after deliberations lasting more than a week, agreed on the name Federation of Federations for the new body.

The 250 delegates adopted a constitution and entered upon the work of adopting bylaws.

The Federation of Federations has 300,000 members. It includes the unions of five crafts—the Brotherhood of Railroad Car Men, Brotherhood of Boiler Makers and Helpers, Brotherhood of Blacksmiths and Helpers, International Association of Machinists and the International Association of Sheet Metal Workers.

May Refuse to Pay Insurance.

Berlin, April 23.—A proposal now is being discussed in circles in Germany interested in the reinsurance of the Titanic jointly to refuse payment on the ground that the White Star line was responsible for the accident.

WILL TAKE VOTE TO CANDIDATES

Republican County Committee at Request of Many Petitioners Adopt Preferential Ballot

TO BE TAKEN AT CAUCUSES

To be Held Throughout the County on May 11th, When Delegates Will be Elected

The meeting of the republican county committee for the purpose of issuing the call for the republican county convention on May 13th, the date set by the state committee, was held Monday afternoon at the Ransford hotel in response to the call issued by Chairman R. R. Wise, and while the meeting was not largely attended it was harmonious. A. M. Opsahl representing the Fifth ward by proxy from F. H. Gruenhagen, and C. A. Allbright representing Garrison.

The matter of representation in the county convention from the various voting precincts was based on the average vote for state officers on the republican ticket at the election in 1910, one delegate for each 25 votes or major fraction thereof.

The date of the caucuses throughout the county was set for Saturday evening, May 11th, between the hours of 7 and 8 o'clock.

Several petitions were presented to the committee from the voters in various parts of the county requesting that the committee arrange for preferential ballots to be taken by the voters of Crow Wing county in the several caucuses. These ballots are to contain the names of Taft, Roosevelt and LaFollette and the total of the votes cast in each of the precincts will be reported to the county convention along with the list of delegates credentials.

The county convention to be held on Monday, May 13th, will elect 11 delegates to the republican district convention that will be held in this city on May 15th, which convention will elect two delegates to the national republican convention in Chicago on June 18, and will also elect 11 delegates to the republican state convention in Minneapolis on May 16th, which convention will also elect delegates to the national convention.

DEERWOOD RUNAWAY INJURES 3 PERSONS

Special to Dispatch:

Deerwood, Minn., April 22—A stage on its way to Deerwood upset one mile out of Deerwood when the horses ran away. The driver, John Humphrey, was severely injured. Miss Mamie Erickson, daughter of former sheriff O. P. Erickson, had two ribs broken and was brought to Brainerd where her injuries were attended to.

Charles Levant, of Cuyuna, a brother of Ed. Levant, was severely bruised and injured by falling on the iron parts of the stage. These three were all on the front seat. The other four passengers escaped with a few bruises. The stage was a covered wagon and when it upset, the passengers were unable to jump.

1,745 dimes	174.50
2,184 nickels	109.20
2,115 pennies	21.15
Total	\$622.60

Boxes numbered 11, 12 and 13 at the shops yielded respectively \$37, \$35.50 and \$31.73. Box No. 16 in the city collected \$31.23 and No. 67 was next with \$27.37. The Hubert box gave \$3.60. The N. P. hospital contributed \$15.76.

SKOVGARD IN CITY

Noted Violinist Passes Through Brainerd on Way to Bemidji Where He Plays Tonight

Skovgard, the noted violinist who gave a concert in Brainerd about a year ago, passed through Brainerd this afternoon on his way to Bemidji, where he plays this evening. A date had been considered for Brainerd this evening, but the proximity of the St. Paul Symphony orchestra concert caused Brainerd people to suggest a change in date, which however could not be arranged. On Thursday evening Mr. Skovgard plays in Thief River Falls.

On May 4 the violinist will leave for Europe and will visit a time in Berlin. From that city he will commence a tour of Germany and England. He hopes to play in Brainerd some time next November. Skovgard has a good memory of faces and places and inquired about different people in Brainerd and wished to be remembered to Rev. Hougstad and the Ladies Musical club. He left on the afternoon train for Bemidji, accompanied by a reader and pianist.

MUSIC AND DRAMA

"Alma Where Do You Live?"

One of the most brilliant geniuses of the modern French school of music is Jean Briquet. He is the composer of the score of the new German-French farce with music, "Alma, Where Do You Live," which Joe Weber will present for the first time here at the Brainerd opera house, Monday, April 29.

Mr. Weber, in a way, is responsible for the vogue which has followed Briquet's music in this country. In the various processes of producing the original French farce in other countries, notably Germany, the music of Briquet was gradually eliminated and that of local composers substituted. Even when Adolph Philip brought the German version to America and produced it but a few years ago he had eliminated all but New York he had eliminated all but a few of the original Briquet numbers.

With considerable sagacity, however, Mr. Weber restored the entire Briquet score for his New York production in English and the result was a popularity for Briquet in this country which was not included in even his fondest dreams of success. Manager Brown secured this attraction, having it cancel its date at Crookston. The seat sale will commence Wednesday, April 24, at 9 o'clock.

"The Wolf"

That immense scene in "The Wolf," which comes to the Brainerd opera house next Sunday evening, April 28, in which a duel takes place before the audience, but on a stage so dark that you can't tell which man is getting the worst of it. Then comes a fall, a deadly silence. One is killed—but which one? The hero or the villain? And then a light flashes and you see—what do you see? It's not only the big scene of the play, but the biggest, strongest and greatest scene ever played on any stage.

Miss Jennie Hughes and Mrs. Z. Mei, Speak at the First Methodist Church Last Night

Miss Jennie Hughes, an eloquent speaker, spoke of missions and conditions in China in her discourse at the Methodist church last evening. She related the work she is doing. China is now interlaced with telegraph wires. Newspapers are printed all over the country. China is awakening. Ten years ago news of the empire never percolated through some provinces and the interior, in some cases, would never know what the coastal cities were doing. But now all things are changed for the better.

Mrs. Z. Mei, one of the first native women to refuse to bandage her feet and president of the province of Kiu Kang, also spoke on the progress attained by the missionary movement, the schools and the environments of the scholars. The attendance at the church was large.

ST. PAUL SYMPHONY A SUPERB ORCHESTRA

Large Audience is Delighted by Greatest Feast of Music in the History of the City

ROTHWELL A GREAT CONDUCTOR

Madame Rothwell-Wolff, Mr. Kellermann and Messrs. Harris and Fanelli Pleased Audience

From the opening tones of Weber's overture to Oberon to the closing strains of the triumphant march from Tannhauser, a varied program of nine numbers and numerous encores by the soloists, the St. Paul Symphony orchestra proved its standing as one of the greatest musical organizations of the country. In its precision of attack and its wonderful tonal beauty the orchestra is incomparable.

The conductor, Walter H. Rothwell, seems literally to draw the music from the members of the orchestra. His readings of the score are in accord with the interpretations of the greatest masters and he plays on his orchestra as a master does the organ.

The orchestra personifies the west, buoyant, virile, sympathetic, exuberant, vibrant with life and melody. It would be difficult for any orchestra to surpass the St. Paul Symphony in the balance attained in its strings, brass, reeds and wood and in the excellence of its tonal quality.

The program embraced orchestral selections from Weber, Tchaikowski, Wagner, Grieg, and Bizet. The soloists were Mme. Elisabeth Rothwell-Wolff, soprano; Mr. Marcus Kellermann, bass-baritone; Mr. George Harris, Jr., tenor; Mr. Vincent Fanelli, Jr., harpist.

Mme. Rothwell-Wolff, Mr. Harris and Mr. Kellermann were heard in the trio from Faust and so enraptured the audience that an encore was necessary. In the aria "Dieu Theure Hallen" by Wagner, Mme. Rothwell-Wolff's clear, ringing soprano voice made an immediate appeal to the audience and an encore was graciously responded to by the talented singer.

Mr. Fanelli played a harp solo, the "Gitana" Caprice and as encore he gave "Annie Laurie" with variations, a selection rendered still more beautiful by his wonderful harmonies.

Mr. Kellermann sang the prologue from "Pagliacci" and as an encore gave "Danny Dean." His voice is powerful, yet well modulated and he is possessed of clear enunciation.

It was announced that a committee of the Ladies' Musical club had asked Mr. Rothwell to substitute some other number for the "Peer Gynt Suite" of Grieg and so the orchestra played two lyric pieces of Grieg, the Last Spring and Varum, and Chopin's Polonaise.

The concert was attended by many out of town people, including delegations from Pequot, Pillager, Deerwood and Aitkin. The orchestra left this afternoon for Sauk Center where a concert will be given this evening. On Thursday evening they play at Winona which marks the end of the spring tour, during which they played in 50 cities, penetrating as far west as Anaconda, and into Canada where they visited Winnipeg, Calgary and Lethbridge.

"Wherever the orchestra played," said Conductor Rothwell, "it met with an enthusiastic reception. It has been a most successful season. Next year the St. Paul Symphony orchestra's itinerary will extend to the coast."

JOHN CARLSON

WILL TAKE VOTE TO CANDIDATES

Republican County Committee at Request of Many Petitioners Adopt Preferential Ballot

TO BE TAKEN AT CAUCUSES

To be Held Throughout the County on May 11th, When Delegates Will be Elected

The meeting of the republican county committee for the purpose of issuing the call for the republican county convention on May 13th, the date set by the state committee, was held Monday afternoon at the Ransford hotel in response to the call issued by Chairman R. R. Wise, and while the meeting was not largely attended it was harmonious, A. M. Opsahl representing the Fifth ward by proxy from F. H. Gruenhagen, and C. A. Allbright representing Garrison.

The matter of representation in the county convention from the various voting precincts was based on the average vote for state officers on the republican ticket at the election in 1910, one delegate for each 25 votes or major fraction thereof.

The date of the caucuses throughout the county was set for Saturday evening, May 11th, between the hours of 7 and 8 o'clock.

Several petitions were presented to the committee from the voters in various parts of the county requesting that the committee arrange for preferential ballots to be taken by the voters of Crow Wing county in the several caucuses. These ballots are to contain the names of Taft, Roosevelt and LaFollette and the total of the votes cast in each of the precincts will be reported to the county convention along with the list of delegates credentials.

The county convention to be held on Monday, May 13th, will elect 11 delegates to the republican district convention that will be held in this city on May 15th, which convention will elect two delegates to the national republican convention in Chicago on June 18, and will also elect 11 delegates to the republican state convention in Minneapolis on May 16th, which convention will also elect delegates to the national convention.

DEERWOOD RUNAWAY INJURES 3 PERSONS

Special to Dispatch:

Deerwood, Minn., April 22—A stage on its way to Deerwood upset one mile out of Deerwood when the horses ran away. The driver, John Humphrey, was severely injured. Miss Mamie Erickson, daughter of former sheriff O. P. Erickson, had two ribs broken and was brought to Brainerd where her injuries were attended to.

Charles Levant, of Cuyuna, a brother of Ed. Levant, was severely bruised and injured by falling on the iron parts of the stage. These three were all on the front seat. The other four passengers escaped with a few bruises. The stage was a covered wagon and when it upset, the passengers were unable to jump.

Business Manager D. A. Peterson, while playing in the field at the Koering grounds last night, stopped a swift fly batted out by Kunitz by interposing his head and getting the ball square in his left eye. In addition to seeing the baseball Peterson said he saw the whole solar system of the universe. He hopes to come to bat some time and peg one out at Kunitz' dome of thought. Twenty of the team were out for practice. All wore their uniforms. The practice will be continued every night of the week.

ENGINEERING

F. A. GLASS—Mining Engineer and surveyor. Direction of Explorations, surveys, plans, estimates reports.

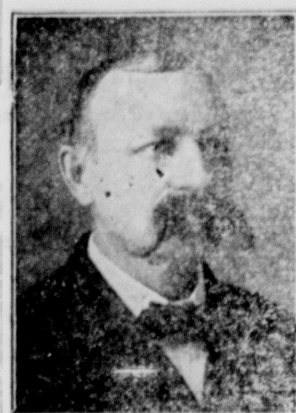

The Danger After Grip

Lies often in a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver, and kidneys. Thousands have proved that they wonderfully

strengthen the nerves, build up the system and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50 cents. Sold and perfect satisfaction guaranteed by all druggists. tfs

BARROWS

The new mining town on the Cuyuna range, offers splendid opportunities for investment and for the establishment of business in various lines. This town is located in the richest part of the range, adjoining the Barrows mine, which will ship ore this season, and where a large force of men is now employed in putting down the third shaft, two being already completed. A number of other mines adjacent to the townsite will be opened up, making Barrows one of the greatest mining centers on the range. Streets are graded, cement sidewalks in, and buildings are going up rapidly. Lots are now offered at from \$150 to \$400 on the partial payment plan. Buy now while you can buy at the first offered price; get located in a live new town and prosper with the development of the country.

A few years ago lots that were sold in Hibbing, Virginia and Chisholm at the prices we are now asking are worth today several thousand dollars. For further information apply to

You'll find here shoes as popular in the fashionable centers as right here at our store.

An aristocratic shoe—that's the Selz shoe—the aristocrat of the world of footwear fashion. A shoe that appeals to a person's common sense as well as to their sense of the artistic.

With things aristocratic we usually associate a disregard for expense.
